

To whom it may concern:

For the last several years, Mattern & FitzGerald has utilized the services of ProHome to serve as a value-add to the suite of services that we offer all of our clients. We want the post move-in process to be as focused on as the build process because we know that word of mouth is some of the best marketing a custom builder can have.

I am convinced that ProHome helps us to achieve a higher satisfaction rating after homeowner move-in because they are in contact with them at regular intervals, document their conversations and follow-up with subcontractors and homeowners until the warranty items are settled. ProHome serves a great niche in our business and we are proud to call them a service partner.

Sincerely,
